

## Clarifications

No written requests for clarification have been received.

During on-site visits by various firms, a few questions were raised:

1. When should RFP / RFQ be delivered?
  - a. Proposal shall be delivered to the City Planning Department at 413 W. Jackson St. Thomasville GA on or before 11:00 a.m., June 19, 2009.
2. Will cost proposal need to include work for Madison Street?
  - a. No. Streetscape improvements on Madison Street is being funded through a separate program and no design work is needed
3. Will cost proposal need to include work for Jackson Street?
  - a. No. Proposals do not need to include costs for design services for streetscape improvements on Jackson Street.
4. Will cost proposal need to include work for the area south of Stevens Street between Jackson Street and Remington Street?
  - a. No. Construction work has already begun in this area and is being completed in accordance with previously approved plans. A historic building is being renovated to accommodate the Anglican Church. Site improvements for the interior of the block are being completed by the Anglican Church. However, streetscape improvements on Stevens Street and Remington Avenue should be included. The small pocket park north of Stevens Street should be included in your cost proposal.
5. Is the trail included in this RFQ / RFP?
  - a. No. Design of the trail as shown on the concept plan is being completed by AA Miller Engineering.
6. Is the trail spur along Lester Street included in this RFQ / RFP?
  - a. No. This section of the trail as shown on the concept plan is being completed by AA Miller Engineering. Sidewalk improvements would not need to be included on the trail side of Lester Street. However, the pocket park to be located at the corner of Lester and Victoria Place is included in this RFQ / RFP.
